a	Sewage Duct & outside chamber	As and when required (AMC Comprehensive)	Nos.	69	
b	Rain water & kitchen chamber		Nos.	172	
c	Manholes		Nos.	37	
d	Shop area		Nos.	18	
e	Gutter line		Rmt.	600 meter	
		Total Rs.			

Scope of Work :-

1. Phase 1: Access initiation

Commence the cleaning operation by employing specialized equipment to safely open the necessary manholes and access the chambers.

2. Phase 2: Chamber and line sanitation

Utilized high- pressure water jetting in conjunction with manual labour to meticulously cleanse the chamber and connecting drain lines, ensuring the complete removal of debris and buildup.

3. Phase 3: Debris Elimination

Eliminate any residual sand and debris that may have been dislodged during the cleaning process, thereby guaranteeing the complete restoration of flow.

4. Phase 4: Final verification & Closure:

GREEN WORLD CHS LTD

REG. NO. T.N.A./(T.N.A.)/HSG(TC)/34537/2021-2022 Dated : 22/03/2022

GUT NO. 242, HISSA NO. 1 TO 7, DIGHE, NAVI MUMBAI - 400 708

Conclude the operation by conducting a comprehensive inspection to ascertain that all chambers and lines are unobstructed and free of any impediments. Upon successful verification, securely close all manholes and access point.

Safety & Precaution

Worker Safety: We prioritize the safety of all personnel by providing and enforcing the use of appropriate Personal Protective Equipment (PPE), including masks, safety shoes, gloves, and other gear as required for specific tasks and equipment.

Confined Space Procedure: For work inside tanks, chambers, or other confined spaces, we strictly follow confined space entry protocols. This includes the use of ladders, safety harnesses, oxygen masks, gas detectors, and other specialized equipment to ensure worker safety.

Safety & Precautions for Working at Height: We ensure fall protection through the use of guardrails, full-body harnesses, safe scaffolding, and work platforms. All personnel engaged in elevated work must undergo height safety training and perform tasks under supervision.

General Worksite Safety: The company holds full responsibility for implementing and maintaining all necessary safety precautions during work activities, in accordance with established safety standards and regulations.

Terms & Condition

- Society will provide access to water & electricity for cleaning purpose.
- Quarterly Invoice will be raised only.
- The payment due within 15 days of satisfactory completion of the project and the receipt of invoice.
